

# Tusk Accessory Dash Panel

Part Number: 1925100014

2000-2023 DRZ 400

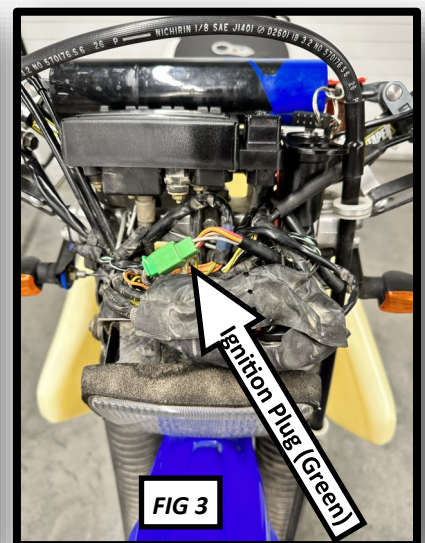

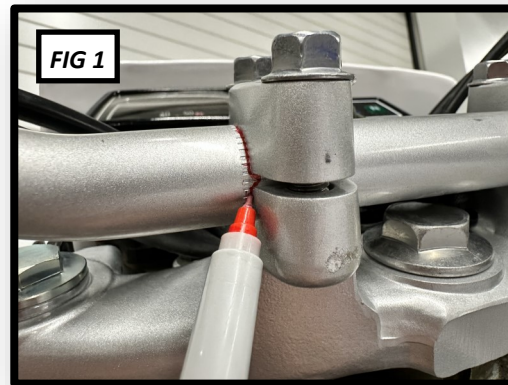

## Kit Hardware:

- (1)-Tusk Dash Panel
- (4)-M8 P1.25 x 45mm Hex Head Flange Bolt
- (4)-Aluminum Spacer
- (3)-Plastic Locking Plug

## Installation Instructions:

1. Note the positioning of the handle bars. (If needed, draw a outline of the mounts on the handle bars). **(Fig.1)**
2. Remove the mask from the bike by unscrewing the three mounting points. **(Fig 2)**
3. Unplug the ignition switch from the main wiring harness.
4. Remove the 4 OEM handlebar bolts. **(FIG 3)**
5. Remove the ignition housing from the OEM mount by backing the rubber cover off and push the two side pinch points in to release it. **(FIG 4)**
6. Reinstall the ignition switch into the **Tusk Dash Panel**. **(FIG 4)**

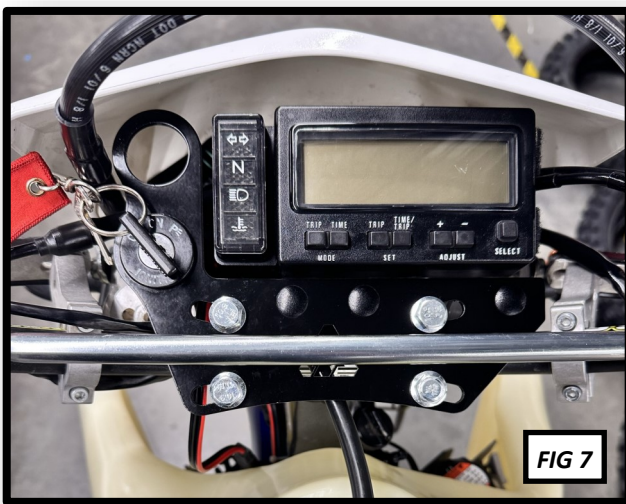

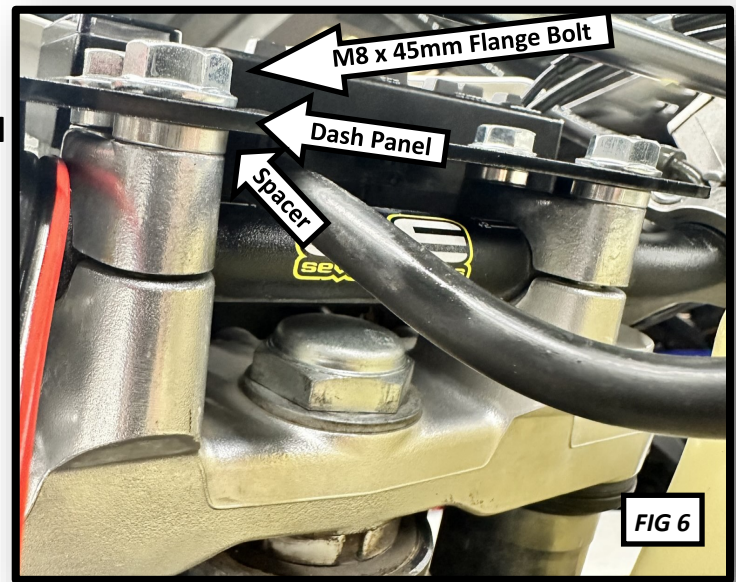

INSTALLATION INSTRUCTIONS AND INFORMATION

7. Using the **(4) - M8 P1.25 x 45mm Flange Hex Head Bolts**, secure the **Tusk Dash Panel** by placing the **Aluminum Spacers** between the Dash Panel and the handlebar clamps. **(Fig.6)**

8. Plug the ignition switch plug back into the wire harness.

9. Reinstall the mask onto the bike.
